

MyCom makes it easy to find supportive people and close-to-home, quality activities that will inspire and prepare youth for the future.

Young people will:

- have a chance to learn new skills
- be more optimistic about their future
- feel supported by caring adults in their community

Parents and caregivers will:

- know what resources are out there & how to access them

Neighborhood and community members will:

- view youth as assets
- step up to be involved in young people's success
- see less violence and more hope on their streets

MyCom—My Commitment My Community—is a network of people and organizations that aim to give youth every opportunity for happy, productive futures in communities that value & support them.

MyCom connects Youth to Caring Adults and Positive Activities

PEOPLE & PLACES INVOLVED:

Neighborhoods, Families, Youth, Cuyahoga County Commissioners, The Cleveland Foundation, Family & Children First Council, Starting Point...and other exceptional family organizations and caring adults
